JR | CAPE Management Consulting Group *The perfect match*

For our client – a leading international aviation MRO group of companies – we are currently looking for the future

Manager Procurement & Logistics / Aircraft MRO

- SINGAPORE-

The Procurement and Logistics Manager will take care of sourcing, purchasing and supplier audits as well as related logistics and warehouse management with regard to aircraft spare parts. The scope of duties and responsibilities ranges from planning and assuring critical parts supply for the company's aircraft maintenance business to inventory control.

You have gained a minimum of 8 years experience in the aviation industry of which **at least 5 years** should have been spent in **purchasing and supply chain management functions**, with a focus on MRO operations.

Active **aircraft parts sourcing, supplier audits, purchasing negotiations and streamlining the supply chain** have been integral part of your main tasks in the recent past. You need to have an **in-depth understanding of all related processes** and think of your job as a key contributor to the company's smooth and reliable MRO operation.

As a manager or department head with team leadership experience you have been accountable to senior management, ideally in a multinational company environment. Excellent planning, reporting, control and communication skills are crucial requirements.

Speed, intelligence, analytical skills and the right feeling for **critical situation management** are just some of the attributes highly valued by our client.

If you meet all the stated requirements and feel that this exciting career opportunity is the right step for you, please send your application to **singapore@jr-cape.com** .

We guarantee fullest confidentiality and equal opportunities in the application and recruitment process. However, only shortlisted candidates will be considered for pre-selection and be notified accordingly.
