

New Partner appointed for Hong Kong Office

We are proud to announce, that our Hong Kong office has received a new and important addition to its team: JR Cape Hong Kong's operations will from now on be managed by **Miriam Wegmann**, appointed **Managing Partner**.

After her successful studies in business administration, Miriam has worked in human resources management with the leading multinational chemicals company. She brings a wealth of versatile and professional experience to **JR Cape (HK) Limited**.

Miriam joined JR Cape a number of years ago and has since played an important part in handling customer acquisition in Singapore, working from our headquarters. In 2009 she moved to Hong Kong to further strengthen our presence in this competitive market. Miriam underlines that the prior establishment of the Hong Kong entity and her taking over the managing role are further important steps in meeting the requirements of our existing and prospective clients, especially with regard to regional HR projects.

"With our fully operational office in Hong Kong we are in the excellent position to offer customized solutions in **Executive Search** as well as **HR and management consulting practices** in this established business hub, the geographical entry gate to China", says Maik Richter, VP Asia Pacific.

We at JR Cape – as one of the leading firms in the senior executive consulting field – are very proud of our reputation in finding "hidden" potential candidates in target company clusters, top candidates who are not actively seeking a career change and whom you will not find in any database. As a specialized boutique consulting firm with roots in Germany and Singapore, we are able to focus on the needs of our key clientele: multinational companies in Asia Pacific and Europe.

Global reach – localized service and expertise. The perfect Match.

Singapore, April 2010
